Title: ACEH Governance Change Announcement
From: ACEH Executive Director, Jasmine Boyle

The Anchorage Coalition to End Homelessness (ACEH) would like to thank its General Membership, ACEH Board of Directors and the Anchorage community at large for the continued commitment, dedication and support of our shared mission to make homelessness in Anchorage *rare, brief and one-time*.

As we welcome the new year, ACEH would like to introduce its new governance structure and governing body members. In addition to the ACEH Board of Directors, the governing representation will now include a second layer of governance, the Anchorage Homeless Response System Advisory Council.

The Advisory Council will oversee the health of the Anchorage Homeless Response System including Continuum of Care design and support, the annual Anchorage community needs prioritization (Gaps Analysis), Coordinated Entry redesign, Homeless Management Information System (HMIS) governance, in addition to Built for Zero and Anchored Home initiatives. The ACEH Board of Directors will oversee the ACEH organizational overall governance, financial management, strategic planning, advocacy, and the Homeless Response System funding advocacy. Together, we believe these bodies will build a coalition that represents the dynamic voices of our community and enhance the operations of our Homeless Response System. Through the transition, the President and Vice President of the Homeless Response System Advisory Council will also serve upon the ACEH Board of Directors.

We are humbled by the volume of interest we received to join the governing bodies and thank all of those who not only applied but continue to remain involved in the mission through general membership and community committees. Below is the list of individuals who will serve upon the governing bodies:

ACEH Board of Directors:

- Lisa Aquino
