

Current State of Mass Care and the HPRS - Updated - June 17, 2022

Goal of Mass Care Exit – Stable Housing for All

*Updated sections in **Bold**.*

Mass Care Facilities (Census/Capacity)

Sullivan Arena (260/260) No new intakes

- 6/13 expected census reduction to ~160 based on relocating clients to Aviator
- Late June – 20 additional clients to Aviator mass care
- Late June - ~30 clients to BFS based on capacity available after re-opening – pre-identifying clients for that capacity in coordination with BFS
- Late June - ~20 clients from Sullivan/Aviator to Complex Care – pre-identifying clients for referral (Any clients from Aviator will make space for additional movement to that facility)

Aviator (173/281) Individuals from Sullivan moving to Aviator

- Priority based on Coordinated Entry List and those working through EHV process
- Move to full capacity early week of 6/13
- Expected additional 20 room capacity to open late June as existing mass care clients lease up permanent units at the same location

Unsheltered Individuals and New Inflow

Approximately 200 currently unsheltered – no place to make referrals due to lack of shelter and housing program capacity

- Still doing Coordinated Entry assessments and entering new inflow into HMIS

Approximately 95 expected inflow to unsheltered homelessness as of July 1st.

****295 unsheltered individuals anticipated on July 1st****

- does not account for any new inflow

Outstanding Policy Questions for MOA to Decide -

1. Are camps still being abated? If so, what shelter space is being used to justify abatement?
2. Will the Muni provide food and water to those unsheltered? If so, how and who will pay for it? When?
 - o ACEH can coordinate outreach and case management teams to coincide with distribution points and schedules
3. Are hygiene facilities going to be provided for unsheltered individuals?
 - a. Plan for refuse services and handwashing?

4. Is there a transitional location identified between the closure of the Sullivan Arena and when the Tudor and Elmore location will be made available? If so, where, who is the operator and what is the funding source?
5. Will there be additional funds for outreach based on increased unsheltered individuals and expected inflow to unsheltered homelessness with transportation to better assist individuals with placement when openings occur? Current request into Assembly via Member Rivera
